I should have guessed you would get the Corpus assignment!

How are you?

Cliff

Cliff,

It's good to hear from you. I trust that the school year went well and that you are getting the clinic up and running.

I will have to check and get back to you about your first question. Scott McDonald is the Branch Chief responsible for Water Enforcement.

Regarding your second question, Ed Quinones is the attorney working on the Corpus Christi drinking water incident. His telephone number is (214) 665-8035.

I don't have a trip to New Mexico on the calendar but may need to plan one.

Hi Mark. It was nice seeing you in Dallas and ABQ last fall. Some things have certainly changed since then...

I have two questions you may be able to answer quickly—

1. I understand that R6 negotiated an administrative penalty with SEP in response to a spill of six million gallons of raw sewage from the ABQ wastewater treatment plant to the Rio Grande in 2015. Do you know where I can find a copy of that settlement? It doesn't appear on the R6 website.
2. Do you know the R6 attorney supporting the EPA response to the Corpus Christi drinking water concerns?

Thanks for your response, and best wishes always for you and the EPA.

Cliff

Cliff – it was nice to meet you at the region offices and at the EJ Summit this week. Again, congratulations on your post and on starting a new clinic after only your first year! I'm glad you got to meet Ron Curry. Best, Jim Payne 214-665-8170

Cliff,

We're looking forward to seeing you. When you get to the building, you will need to check in on the 7th floor. When you get there, ask them to call Dyiann Twine, one of our paralegals, and she will come get you. Have a safe trip.

Hi Mark. Just confirming my visit next week.

Unless you hear again from me otherwise, I should make my way to your office on Monday by **1:30 pm**. Sorry to miss meeting Pam there, but I look forward to meeting Jim Payne and to seeing you and others from R6 ORC and perhaps other R6 offices involved with Superfund.

Til then, hope you have a great weekend.

Cliff

Cliff – It has taken me a bit longer than I planned. This has been a strange couple of weeks in Dallas. If it works for you, plan on coming by the Regional offices on Monday afternoon. I can take you around and introduce you to our managers and some of the staff and find some time for you to talk to Jim Payne. Unfortunately, one of the attorneys I particularly wanted you to meet, Pam Travis, will be out on vacation at that time. Pam heads up the group I've set up to address the Grants Mining District. She is in New Mexico a good bit and I have talked to her about contacting you when she is making one of her trips. We can figure out on that Monday if it would be helpful for you to come back on Tuesday morning. We are looking forward to seeing you and exploring opportunities to work together.
